

Esther's Hope News Bulletin-Volume 1: Issue 4: October 2017

Dear Friend of Esther's Hope Ministries,

Update: Violence in Kenya

Kenya has experienced unrest since the re-run of the 2017 presidential elections on October 26th. The situation is still very tense. Many schools across the country closed earlier than expected, so that students could go home before voting began. Many of our sponsored students are already home and will not be returning to school until January 2018. We have thus postponed our intake interviews for the Class of 2018 till January. At that time, we will get you updates on your sponsored students. 12 of our EHM students will be graduating from high school, and will be heading to colleges across the country. We will provide updates concerning these students as well, as we track their progress through college, and into their future careers. Thank you for helping them achieve their dreams.
